Oleksii Denysiuk

Senior Full-Stack Engineer | Agentic AI & Development Automation | PHP, Wordpress, Laravel, React

+380 63 820 44 11 | devlikedes@gmail.com | linkedin.com/in/alexdenwp | github.com/addblack | Ukraine (Remote)

PROFESSIONAL SUMMARY

Senior Full-Stack Engineer with 9+ years of experience delivering production web applications using PHP, Laravel, WordPress, React, and TypeScript. Designs agentic AI development workflows using Claude Code, specialized subagents, MCP, and Playwright. Built an end-to-end workflow automating development from Jira task intake through QA handoff, with human review and corrections when needed. Experienced in REST APIs, CRM integrations, CI/CD, and enterprise LMS systems serving 400K+ registered users.

PROFESSIONAL EXPERIENCE

PHP Developer (Laravel & WordPress) | Waverley Software | Jul 2022 – Present

- Designed and implemented an end-to-end agentic development workflow from Jira task intake to QA handoff, retaining human review and intervention where needed.
- Orchestrated AI agents and specialized subagents, using MCP integrations and Playwright MCP for automated testing and validation.
- Introduced AI-assisted code review covering security, performance, and accessibility, alongside PHPUnit test generation and human validation.
- Developed and maintained a WordPress/Laravel LMS platform with 400K+ registered users and tens of thousands of monthly active users.
- Implemented roles and permissions, learner progress tracking, achievement features, and third-party API integrations.
- Migrated WordPress user accounts between CRM systems while preserving data integrity.

PHP Developer | EvoPlay | Oct 2020 – Jun 2022

- Developed Symfony-based backend components for internal tools managing a portfolio of WordPress websites.
- Built and maintained hundreds of WordPress sites on shared Nginx infrastructure.
- Improved website performance, UX, and SEO for high-traffic, conversion-focused properties.

Full-Stack Developer | Freelance (Upwork) | Oct 2018 – Aug 2020

- Delivered custom Laravel and WordPress projects for international clients, from requirements and API integrations to deployment and support.

WordPress Developer | Rivo Agency | Aug 2017 – Sep 2018

- Built custom WordPress websites, landing pages, and e-commerce stores for small-business clients.

TECHNICAL SKILLS

Agentic AI & Development: Claude Code, AI agents and subagents, agentic workflow orchestration, Jira-to-QA automation, MCP, Playwright MCP, human-in-the-loop review, AI-assisted code review and test generation

LLM Integrations: Claude API, OpenAI API, third-party API automation

Back End: PHP, Laravel, Symfony, MySQL, REST APIs, PHPUnit, caching, queues, scheduled jobs, authentication and permissions

Front End: React, TypeScript, JavaScript, jQuery, HTML5, CSS3, SCSS, Gutenberg, Elementor

DevOps & Testing: Git, GitHub Actions, CI/CD, Docker, Linux, Nginx, HestiaCP, Cloudflare, AWS, GCP, Jest, Playwright

WordPress: Custom themes and plugins, ACF, WordPress REST API, WP-CLI, security, CRM and payment integrations

EDUCATION

Master of Computer Science | Rivne State University of Humanities | 2024–2026

Bachelor of Computer Science | Rivne State University of Humanities | 2014–2018
